Overview

Improve your chances of securing an apprenticeship

Improve your prospects of securing an apprenticeship and gain basic skills in engineering and manufacturing by enrolling in our Certificate II in Engineering Pathways. On graduating from this course you'll be equipped with underpinning skills and knowledge in a range of engineering and manufacturing tasks. You'll learn basic skills in welding, machining, pre-start checks, identifying and reporting faults as well as how to interpret job instructions, operating procedures and basic drawings.

This qualification develops trade-like skills. As an...

Got a question?
Enquire about your full fee study options

The Queensland Government will offset the cost of study for eligible students. You will still need to pay for a portion of your study costs. The amount above is what you will need to pay.

You are eligible for the concession price of a course if you are eligible for subsidised training, and are listed on an Australian Government Low Income Health Care Card or Pensioner Concession Card, if you are Aboriginal or Torres Strait Islander, you hold a Department of Veterans' Affairs Pensioner Concession Card, or if you have a disability.

Outcome

The qualification is intended for those interested in exposure to an engineering or related working environment with a view to entering into employment in that area. It will equip students with the knowledge and skills to enhance their prospects of employment in an engineering or related working environment.

Job prospects

- Metal Engineering Process Worker

Units

Achievement of competence in units MEM13014A Apply principles of occupational health and safety in a work environment, MSAPMSUP106A Work in a team, MEM16006A Organise and communicate information, MEM16008A Interact with computing technology, MSAENV272B Participate in environmentally sustainable work practices, MEM18001C Use hand tools and MEM18002B Use power tools/hand held operations will provide credit towards a range of manufacturing and engineering trade and production qualifications.

Achievement of competence in all of the other units will provide advanced progress towards reaching competence in units contained in other metal and engineering qualifications.

To achieve this qualification the student must demonstrate competency in 12 units, 4 core and 8 electives.

- MEM13014A Apply principles of occupational health and safety in the work environment
- MEM16006A Organise and communicate information
- MEM16008A Interact with computing technology
- MEM18001C Use hand tools
- MEM18002B Use power tools/hand held operations
- MSAENV272B Participate in environmentally sustainable work practices
- MSAPMSUP106A Work in a team
- MEMPE005A Develop a career plan for the engineering and manufacturing industry
- MEMPE006A Undertake a basic engineering project
- MEM18000A

ARE YOU READY TO TAKE THE NEXT STEP ON YOUR PATH TO GREAT?

Enrol today to secure your spot in this course.

HOW TO ENROL

You're ready if you have:

- checked your important dates (under the course details tab)
- checked you meet the entry requirements (under the course details tab)
- checked your course costs and know which payment option is right for you (under the costs tab)
- Read the student rules and refund policy
- Created your Unique Student Identifier and can provide this code to TAFE Queensland

All done? Then head to the link below to complete your enrolment:

tafegoldcoast.edu.au/study-with-us/enrolment-fees/enrol

Recognition of prior learning

Fast-track your way to a formal qualification by earning credit for the things you already know. Getting recognition for the skills you've gained from the workplace or previous learning
