Outcome
A graduate could expect to find work in network support, design, analysis and network security. This course has been designed in conjunction with IT industry experts and provides students with highly sought after networking skills in both Local Area Network (LAN), Wide Area Network (WAN) and server/virtual environments.

University pathways
A course with TAFE Queensland Gold Coast can be a great path to university. In many cases, you can save up to one year from your university qualification.

Read our University Pathways guide to learn all about it.

Are you ready to take the next step on your path to great?
Enrol today to secure your spot in this course.

How to enrol
Enrol now
You're ready if you have:
- checked your important dates (under the course details tab)
- checked you meet the entry requirements (under the course details tab)
- checked your course costs and know which payment option is right for you (under the costs tab)
- Read the student rules and refund policy
- Created your Unique Student Identifier and can provide this code to TAFE Queensland

All done? Then head to the link below to complete your enrolment:
[tafegoldcoast.edu.au/study-with-us/enrolment-fees/enrol]

Apply through QTAC
Making TAFE one of your top QTAC preferences is a great way to maximise your career choices and gain the hands-on skills you need to operate in the real world.

We offer hundreds of pathways to university, including dual awards, credit arrangements with some of the country's top universities, and options to increase your OP so you can gain entrance to the tertiary course of your dreams.

Recognition of prior learning
Fast-track your way to a formal qualification by earning credit for the things you already know. Getting recognition for the skills you've gained from the workplace or previous learning means less study time for you, and getting the paper to prove you're qualified a whole lot sooner.
