Take your AutoCAD skills 3D!

This course provides the ability for AutoCAD users to fully express the features of their design using 3D surface and solid modelling techniques. A sound basic understanding of 2D AutoCAD is a prerequisite.

AutoCAD 3D introduces you to the skills necessary to construct, modify and render complex 3D models. Various projects are used, and individual projects are encouraged. It provides the skills needed for many disciplines and inventors to create, visualise, scale and print/plot a 3D project.

The functions covered include:

- user coordinate system
- view

LOCATION/S

Gold Coast - Coomera

DURATION

Part time: 4 sessions / 1 day per week
