HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Student satisfaction

Learn all about Photoshop from the beginning and exit this course with new skills!

Students completing this course will gain an in-depth knowledge of how to use the defacto image manipulation software - Adobe Photoshop Creative Cloud. The course leads you step-by-step from a basic understanding of the software to learning more intermediate techniques such as how to use layers, refined image enhancement, colour correction techniques and producing creative graphic outcomes. Please note this is an introductory course to Photoshop NOT on how to use a computer therefore a basic sound knowledge
