Immerse yourself into the Mandarin culture!

This course offers a glimpse into a real life Chinese family - their work, life, love and hobbies. You will further develop an understanding of modern Chinese culture. This combined with a writing demonstration should encourage students to write Chinese characters even better or clearer.

Mandarin Chinese Level 3 specialises in both business and social language skills. There will be some social activities involved in the course so students will be able to interact with Chinese people and friends in both their business and social life.
