

QUEENSLAND HOTEL & HOSPITALITY SCHOOL

INTERNATIONAL HOSPITALITY SERVICE PROGRAM

The exclusive International Hospitality Service Program is the Queensland Hotel & Hospitality School's flagship program. The program is designed to develop front-line food and beverage service skills for work in luxury, five and six-star properties.

With training at TAFE Queensland's Southport campus and partner premises, the School delivers tailored programs and qualifications to meet developing industry requirements to high international standards.

This program allows students to immerse themselves in the industry and to network with future employers. In addition to traditional hospitality service skills, students gain skills in silver service delivery, food and beverage matching, and wine, beer and spirit selection.

The program is the first of its kind in Australia and is aimed to meet the expected massive growth of the tourism and hospitality industry in the coming years with an estimate of 56,000 employees needed to support the industry by 2020 in South East Queensland.

TAFE Queensland Gold Coast RTO: 0083
Information is correct at time of publication and is subject to change. 16.09.16
