myPROFILER

If you are unsure of what to study, TAFE Queensland Gold Coast myProfiler can help give you some ideas on what careers and courses will suit you.
What does an employer really want from you as a job applicant? Aside from your industry relevant skills and training, many businesses are also looking for other key attributes when hiring new staff. The good news for TAFE Queensland Gold Coast graduates is, no matter what course you choose, whether it is plumbing, nursing or information technology, you will have the opportunity to learn the top four skills on the list.

Interpersonal and communication skills. Express your ideas clearly and confidently in speech and in writing. Your contributions to class discussions and time spent on written theory assessments will build these skills.

Passion and drive. A determination to get things done, make things happen and an obvious interest in the industry. Your commitment and determination to complete your TAFE qualification clearly demonstrates your passion for your chosen career.

Industry knowledge. Knowing how the business and industry works. Your time in class, work experience and practical training combined with our teachers’ expertise will give you valuable insights to your chosen industry.

Team work skills. Ability to work confidently and coherently within a group. Group assignments, group tasks to complete in class and your exposure to a collaborative learning environment will give you the opportunity to build these skills.
