HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Get a head start on your construction career while still at school

Get started in your construction career with this entry-level course. This qualification will show employers you are ready for the next step. It will set you up with the foundation skills and knowledge to gain an apprenticeship in any construction trade. Employers will be seeking an increased number of qualified workers and apprentices as construction enters a growth period over the next few years. Skills shortages are expected in specialised areas of construction, such as bricklaying and painting, where job prospects are high.

This program receives VET in Schools funding, therefore is fee free for eligible secondary school students. Please visit http://www.training.qld.gov.au/training-organisations/funded-programs/vetis.html for more information.

LOCATION/S
Gold Coast - Ashmore

DURATION
Part time: 10 months / 1 day per week
